

2021 MOONSTONE BEACH SURFCAMP

Here is a list of Summer 2021 Humboldt County Health Department, Health and Safety protocols (3rd edition, might be revised as HCHD requires) for child care related business' that we ALL need to read, agree and practice:

- 1) All staff get a clear Covid test result. Also recommended(not required) for all participants. Redwood Acres is offering free Covid testing:
<https://lhi.care/covidtesting> or call 888-634-1123 to schedule an appointment.
- 2) Parent take their kid(s) temperature each morning before camp, making sure they do not arrive with any fever or flu-like symptoms (97-99 degree F is normal, above is feverish)
- 3) Staff, participants and parents required to wear masks in the parking lot and on the beach at all times. Staff, participants and parents to maintain 6ft physical distancing when in parking and beach areas.
- 4) On the beach, participants will work in same pod groups of 6-12 and the same 2 instructors all week (this is to be able to do Covid tracking if necessary)
- 5) Kids and staff will always wear masks in their pod groups, unless they are eating lunch and 6 ft distancing is maintained
- 7) Before camp, with parents help, Kids will arrive with sunscreen, wetsuit and booties on. At the end of the day, parents agree to arrive by 2:55pm to assist their kids in wetsuit removal. Or the kids have to be sunscreen, wetsuit and bootie self-reliant as instructors will not be able to closely assist with this at this time.
- 8) During morning, lunch and game time, in and out of the water, masks and physical distancing is required.
- 9) Kids and Staff will not share any food or beverage with anybody. Our luau will not involve food or beverage this summer :(
- 10) Kids will bring their own sanitizing gel to camp and use it before and after getting out of water, eating lunch, touching sport equipment (ie Frisbees, paddle game rackets, boogie and surfboards etc)

All parents/kids/staff agree to the above, as we all understand following the above is vital to the success of surf camp and health/safety of all its participants and staff. All parents understand the inherent risks of this current time, release Moonstone Beach Surfcamp completely and assume ALL responsibility for sending their children to summer camp with other children and staff.
